	<u>Nonrecurring Charge</u>
(I) <u>Presubscribed Interexchange Carrier (PIC) Change Charge</u> * Per Telephone Company Exchange Service Line or Trunk for each InterLATA PIC change:	
(1) Submitted using manual methods	\$ 5.50
(2) Submitted using electronic methods	\$ 1.25
(3) Submitted using manual methods when both the interLATA PIC and intraLATA PIC selections are changed simultaneously	\$ 1.25
(4) Submitted using electronic methods when both the interLATA PIC and intraLATA PIC selections are changed simultaneously	\$ 0.63

* This charge is generally billed to the end user who is the subscriber to the Telephone Exchange Service. In those instances where the IC both requests the PIC change, and requests the associated charge be billed to it, the Telephone Company will bill the IC. In the event the subscriber is incorrectly presubscribed due to misassignment on the part of the Telephone Company, no charge shall apply. In the event the subscriber denies requesting a PIC change, the Telephone Company will credit the subscriber's account for the PIC Change Charge associated with the alleged unauthorized change, if such charged was billed to the subscriber. The Telephone Company will then bill the IC responsible for the alleged unauthorized change, a PIC Change Charge to return the subscriber to its previous authorized carrier, and, if initially billed to the subscriber, the PIC Change Charge for the alleged unauthorized change.

(I) <u>Presubscribed Interexchange Carrier (PIC) Change Charge</u> * Per Telephone Company Exchange Service Line or Trunk for each InterLATA PIC change:	
(1) Submitted using manual methods	\$ 5.50
(2) Submitted using electronic methods	\$ 1.25
(3) Submitted using manual methods when both the interLATA PIC and intraLATA PIC selections are changed simultaneously	\$ 1.25
(4) Submitted using electronic methods when both the interLATA PIC and intraLATA PIC selections are changed simultaneously	\$ 0.63

* This charge is generally billed to the end user who is the subscriber to the Telephone Exchange Service. In those instances where the IC both requests the PIC change, and requests the associated charge be billed to it, the Telephone Company will bill the IC. In the event the subscriber is incorrectly presubscribed due to misassignment on the part of the Telephone Company, no charge shall apply. In the event the subscriber denies requesting a PIC change, the Telephone Company will credit the subscriber's account for the PIC Change Charge associated with the alleged unauthorized change, if such charged was billed to the subscriber. The Telephone Company will then bill the IC responsible for the alleged unauthorized change, a PIC Change Charge to return the subscriber to its previous authorized carrier, and, if initially billed to the subscriber, the PIC Change Charge for the alleged unauthorized change.

Nonrecurring
Charge

Per Telephone Company Exchange
Service Line or Trunk for each
InterLATA PIC change:

- | | |
|---|---------|
| (1) Submitted using manual methods | \$ 5.50 |
| (2) Submitted using electronic methods | \$ 1.25 |

changed simultaneously | \$ 1.25 |
| (4) Submitted using electronic methods
when both the interLATA PIC and
intraLATA PIC selections are
changed simultaneously | \$ 0.63 |

* This charge is generally billed to the end user who is the subscriber to the Telephone Exchange Service. In those instances where the IC both requests the PIC change, and requests the associated charge be billed to it, the Telephone Company will bill the IC. In the event the subscriber is incorrectly presubscribed due to misassignment on the part of the Telephone Company, no charge shall apply. In the event the subscriber denies requesting a PIC change, the Telephone Company will credit the subscriber's account for the PIC Change Charge associated with the alleged unauthorized change, if such charged was billed to the subscriber. The Telephone Company will then bill the IC responsible for the alleged unauthorized change, a PIC Change Charge to return the subscriber to its previous authorized carrier, and, if initially billed to the subscriber, the PIC Change Charge for the alleged unauthorized change.

* This charge is generally billed to the end user who is the subscriber to the Telephone Exchange Service. In those instances where the IC both requests the PIC change, and requests the associated charge be billed to it, the Telephone Company will bill the IC. In the event the subscriber is incorrectly presubscribed due to misassignment on the part of the Telephone Company, no charge shall apply. In the event the subscriber denies requesting a PIC change, the Telephone Company will credit the subscriber's account for the PIC Change Charge associated with the alleged unauthorized change, if such charged was billed to the subscriber. The Telephone Company will then bill the IC responsible for the alleged unauthorized change, a PIC Change Charge to return the subscriber to its previous authorized carrier, and, if initially billed to the subscriber, the PIC Change Charge for the alleged unauthorized change.

* This charge is generally billed to the end user who is the subscriber to the Telephone Exchange Service. In those instances where the IC both requests the PIC change, and requests the associated charge be billed to it, the Telephone Company will bill the IC. In the event the subscriber is incorrectly presubscribed due to misassignment on the part of the Telephone Company, no charge shall apply. In the event the subscriber denies requesting a PIC change, the Telephone Company will credit the subscriber's account for the PIC Change Charge associated with the alleged unauthorized change, if such charged was billed to the subscriber. The Telephone Company will then bill the IC responsible for the alleged unauthorized change, a PIC Change Charge to return the subscriber to its previous authorized carrier, and, if initially billed to the subscriber, the PIC Change Charge for the alleged unauthorized change.

In those instances where the IC both requests the PIC change, and requests the associated charge be billed to it, the Telephone Company will bill the IC. In the event the subscriber is incorrectly presubscribed due to misassignment on the part of the Telephone Company, no charge shall apply. In the event the subscriber denies requesting a PIC change, the Telephone Company will credit the subscriber's account for the PIC Change Charge associated with the alleged unauthorized change, if such charged was billed to the subscriber. The Telephone Company will then bill the IC responsible for the alleged unauthorized change, a PIC Change Charge to return the subscriber to its previous authorized carrier, and, if initially billed to the subscriber, the PIC Change Charge for the alleged unauthorized change.

(I) Presubscribed Interexchange
Carrier (PIC) Change Charge *

Nonrecurring
Charge

Per Telephone Company Exchange
Service Line or Trunk for each
InterLATA PIC change:

- | | |
|---|---------|
| (1) Submitted using manual methods | \$ 5.50 |
| (2) Submitted using electronic methods | \$ 1.25 |
| (3) Submitted using manual methods
when both the interLATA PIC and
intraLATA PIC selections are
changed simultaneously | \$ 2.75 |
| (4) Submitted using electronic methods
when both the interLATA PIC and
intraLATA PIC selections are
changed simultaneously | \$ 0.63 |

* This charge is generally billed to the end user who is the subscriber to the Telephone Exchange Service. In those instances where the IC both requests the PIC change, and requests the associated charge be billed to it, the Telephone Company will bill the IC. In the event the subscriber is incorrectly presubscribed due to misassignment on the part of the Telephone Company, no charge shall apply. In the event the subscriber denies requesting a PIC change, the Telephone Company will credit the subscriber's account for the PIC Change Charge associated with the alleged unauthorized change, if such charged was billed to the subscriber. The Telephone Company will then bill the IC responsible for the alleged unauthorized change, a PIC Change Charge to return the subscriber to its previous authorized carrier, and, if initially billed to the subscriber, the PIC Change Charge for the alleged unauthorized change.

		<u>Nonrecurring Charge</u>
(I)	<u>Presubscribed Interexchange Carrier (PIC) Change Charge</u> *	
	Per Telephone Company Exchange Service Line or Trunk for each InterLATA PIC change:	
	(1) Submitted using manual methods	\$ 5.50
	(2) Submitted using electronic methods	\$ 1.25
	(3) Submitted using manual methods when both the interLATA PIC and intraLATA PIC selections are changed simultaneously	\$ 2.75
	(4) Submitted using electronic methods when both the interLATA PIC and intraLATA PIC selections are changed simultaneously	\$ 0.63

* This charge is generally billed to the end user who is the subscriber to the Telephone Exchange Service. In those instances where the IC both requests the PIC change, and requests the associated charge be billed to it, the Telephone Company will bill the IC. In the event the subscriber is incorrectly presubscribed due to misassignment on the part of the Telephone Company, no charge shall apply. In the event the subscriber denies requesting a PIC change, the Telephone Company will credit the subscriber's account for the PIC Change Charge associated with the alleged unauthorized change, if such charged was billed to the subscriber. The Telephone Company will then bill the IC responsible for the alleged unauthorized change, a PIC Change Charge to return the subscriber to its previous authorized carrier, and, if initially billed to the subscriber, the PIC Change Charge for the alleged unauthorized change.

	<u>Nonrecurring Charge</u>
(I) <u>Presubscribed Interexchange Carrier (PIC) Change Charge</u> * Per Telephone Company Exchange Service Line or Trunk for each InterLATA PIC change:	
(1) Submitted using manual methods	\$ 5.50
(2) Submitted using electronic methods	\$ 1.25
(3) Submitted using manual methods when both the interLATA PIC and intraLATA PIC selections are changed simultaneously	\$ 2.75
(4) Submitted using electronic methods when both the interLATA PIC and intraLATA PIC selections are changed simultaneously	\$ 0.63

* This charge is generally billed to the end user who is the subscriber to the Telephone Exchange Service. In those instances where the IC both requests the PIC change, and requests the associated charge be billed to it, the Telephone Company will bill the IC. In the event the subscriber is incorrectly presubscribed due to misassignment on the part of the Telephone Company, no charge shall apply. In the event the subscriber denies requesting a PIC change, the Telephone Company will credit the subscriber's account for the PIC Change Charge associated with the alleged unauthorized change, if such charged was billed to the subscriber. The Telephone Company will then bill the IC responsible for the alleged unauthorized change, a PIC Change Charge to return the subscriber to its previous authorized carrier, and, if initially billed to the subscriber, the PIC Change Charge for the alleged unauthorized change.

* This charge is generally billed to the end user who is the subscriber to the Telephone Exchange Service. In those instances where the IC both requests the PIC change, and requests the associated charge be billed to it, the Telephone Company will bill the IC. In the event the subscriber is incorrectly presubscribed due to misassignment on the part of the Telephone Company, no charge shall apply. In the event the subscriber denies requesting a PIC change, the Telephone Company will credit the subscriber's account for the PIC Change Charge associated with the alleged unauthorized change, if such charged was billed to the subscriber. The Telephone Company will then bill the IC responsible for the alleged unauthorized change, a PIC Change Charge to return the subscriber to its previous authorized carrier, and, if initially billed to the subscriber, the PIC Change Charge for the alleged unauthorized change.

(I) <u>Presubscribed Interexchange Carrier (PIC) Change Charge</u> * Per Telephone Company Exchange Service Line or Trunk for each InterLATA PIC change:	
(1) Submitted using manual methods	\$ 5.50
(2) Submitted using electronic methods	\$ 1.25
(3) Submitted using manual methods when both the interLATA PIC and intraLATA PIC selections are changed simultaneously	\$ 2.75
(4) Submitted using electronic methods when both the interLATA PIC and intraLATA PIC selections are changed simultaneously	\$ 0.63

* This charge is generally billed to the end user who is the subscriber to the Telephone Exchange Service. In those instances where the IC both requests the PIC change, and requests the associated charge be billed to it, the Telephone Company will bill the IC. In the event the subscriber is incorrectly presubscribed due to misassignment on the part of the Telephone Company, no charge shall apply. In the event the subscriber denies requesting a PIC change, the Telephone Company will credit the subscriber's account for the PIC Change Charge associated with the alleged unauthorized change, if such charged was billed to the subscriber. The Telephone Company will then bill the IC responsible for the alleged unauthorized change, a PIC Change Charge to return the subscriber to its previous authorized carrier, and, if initially billed to the subscriber, the PIC Change Charge for the alleged unauthorized change.

* This charge is generally billed to the end user who is the subscriber to the Telephone Exchange Service. In those instances where the IC both requests the PIC change, and requests the associated charge be billed to it, the Telephone Company will bill the IC. In the event the subscriber is incorrectly presubscribed due to misassignment on the part of the Telephone Company, no charge shall apply. In the event the subscriber denies requesting a PIC change, the Telephone Company will credit the subscriber's account for the PIC Change Charge associated with the alleged unauthorized change, if such charged was billed to the subscriber. The Telephone Company will then bill the IC responsible for the alleged unauthorized change, a PIC Change Charge to return the subscriber to its previous authorized carrier, and, if initially billed to the subscriber, the PIC Change Charge for the alleged unauthorized change.

(I) Presubscribed Interexchange Carrier (PIC) Change Charge *

Nonrecurring
Charge

Per Telephone Company Exchange Service Line or Trunk for each InterLATA PIC change:

- | | |
|--|---------|
| (1) Submitted using manual methods | \$ 5.50 |
| (2) Submitted using electronic methods | \$ 1.25 |
| (3) Submitted using manual methods when both the interLATA PIC and intraLATA PIC selections are changed simultaneously | \$ 2.75 |
| (4) Submitted using electronic methods when both the interLATA PIC and intraLATA PIC selections are changed simultaneously | \$ 0.63 |

* This charge is generally billed to the end user who is the subscriber to the Telephone Exchange Service. In those instances where the IC both requests the PIC change, and requests the associated charge be billed to it, the Telephone Company will bill the IC. In the event the subscriber is incorrectly presubscribed due to misassignment on the part of the Telephone Company, no charge shall apply. In the event the subscriber denies requesting a PIC change, the Telephone Company will credit the subscriber's account for the PIC Change Charge associated with the alleged unauthorized change, if such charged was billed to the subscriber. The Telephone Company will then bill the IC responsible for the alleged unauthorized change, a PIC Change Charge to return the subscriber to its previous authorized carrier, and, if initially billed to the subscriber, the PIC Change Charge for the alleged unauthorized change.
