

The GVTC Foundation's Thanksgiving Giveback Project Delivers 491 Meals this Year!

San Antonio, TX | November 23, 2021- Each year, the GVTC Foundation hosts an annual [Thanksgiving Giveback Project](#) where we supply Thanksgiving meals, including a full frozen turkey and all the traditional fixings, to those in need. Families truly in need within the [GVTC service area](#), which encompasses all of Boerne, Canyon Lake, Bulverde, Spring Branch, Blanco, and Gonzales are chosen by the local food pantries.

Here at GVTC, we are so thankful that we could hold our Thanksgiving Giveback for the 9th consecutive year amid the pandemic. Though our process has changed with social distancing, and contactless deliveries, we were so excited to give back to our community again, especially with the hard times the COVID-19 pandemic has brought to so many families.

Local Community Partners

This project would not be possible without the continuous support we receive from GVTC employee volunteers, local organizations, and donors each year. This year, we partnered with 11 food pantries and 31 local organizations for this Thanksgiving Giveback Project. We are so appreciative and honored by their support. Their graciousness allowed us to feed more families than we ever have before!

A tremendous THANK YOU to:

H-E-B
Costco
Lowe's Supermarket
Brookshire Brothers Canyon Lake

Who benefits from the Thanksgiving Giveback Project

Last year, The GVTC Foundation delivered 427 meals to families in need. This year - going back to our partners' record-breaking pledges - we exceeded that 2020 record by providing 491 Thanksgiving meals!

Since its launch in 2013, the Thanksgiving Giveback Project has helped thousands of families and it's all thanks to our GVTC employees and the generous, caring partners that make up these great local organizations.

About GVTC:

GVTC is an award-winning fiber optics communications provider delivering high-speed Internet, digital cable TV, phone and interactive home security monitoring to residential and business customers in far north San Antonio, the Texas Hill Country, and South-Central Texas. GVTC offers Internet connection speeds up to 1 Gbps and symmetrical broadband connections, up to 250 Mbps. GVTC's wholesale carrier transport network delivers Ethernet data delivery between San Antonio, Austin, Dallas, and Houston, with access to remote Texas markets. The company's philanthropic arm, The GVTC Foundation, is celebrating more than a decade of

charitable giving. More than \$4.7 million in contributions have been given throughout GVTC's service area.
