

GVTC Promotes Roger Lewis to Vice President-Product Management, Business Development

GVTC Communications announced the promotion of Roger Lewis to the position of Vice President of Product Management & Business Development. In this role, Lewis will be responsible for the profitability, strategy, and growth of GVTC's broadband, cable TV, voice, and smart security products for both residential and business customers. Additionally, he will lead business development initiatives in the wholesale ethernet access division.

With over 25 years of experience in the telecommunications industry, including 19 years with GVTC, Lewis brings a wealth of knowledge and expertise to his new position. Throughout his tenure at GVTC, he has held key leadership roles such as managing Accounts Receivable, the Service and Support Center, and Business Operations, ultimately advancing to lead the Product Management team in strategy and product launches.

Roger's high-energy personality and unwavering motivation have always distinguished him. He is ready to drive our initiatives forward with innovative ideas that will keep us ahead of our competitors and solidify our leadership in the industry. Roger's extensive experience across GVTC makes him exceptionally qualified for this role, and I am confident he will continue to propel our company to new heights," said Josh Pettiette, President and CEO of GVTC.

Lewis has been instrumental in delivering connected, innovative, and secure home solutions, ensuring that GVTC consistently provides top-tier broadband and Wi-Fi services, advanced smart security products, and comprehensive CATV services. His leadership in implementing Operational Excellence and Six Sigma techniques has driven ongoing process efficiencies, automation, and a standard of excellence throughout the organization.

Lewis began his career as a certified interpreter for the Deaf and holds an Associate Degree in Applied Science from San Antonio College. Prior to joining GVTC, he held various roles at Nii Communications, a start-up CLEC provider, where he managed Customer Service, Billing, and Credit & Collections.

About GVTC:

GVTC is an award-winning fiber optics communications provider delivering high-speed Internet, streaming TV, phone, and interactive smart security to residential and business customers in far north San Antonio, the Texas Hill Country, and South Central Texas. GVTC offers Internet connection speeds up to 1 Gbps. GVTC's wholesale carrier transport network delivers Ethernet data delivery between San Antonio, Austin, Dallas, Lubbock, and Houston, with access to

remote Texas markets. The company's philanthropic arm, The GVTC Foundation, celebrates 18 years of charitable giving. More than \$6 million in contributions have been given throughout GVTC's service area.
